21	 A white laboratory centrifuge with a control panel on the front. The panel features a digital display, several buttons, and a red emergency stop button. The brand name 'Thermo SCIENTIFIC' and model 'IEC CL30' are visible on the top of the unit.	THERMO FISHER IEC CL30 Centrifuge by Thermo Scientific	1
22	 Two photographs of a genetic analyzer. The left image shows the closed front panel with two sample slots. The right image shows the interior of the machine with the front panel open, revealing the sample tray and internal components.	ABI PRISM 310 GENETIC ANALYZER BIOSYSTEMS	1
23	 A white cylindrical water filtration unit with a control panel on top. The panel includes a digital display and several buttons. The unit is mounted on a tiled floor, and its side panel is open, showing internal components like a filter cartridge.	GW GENERAL WATER	1

<p>45</p>		<p>VASO ESPANSIONE GC170-PC144</p>	<p>1</p>

46	 A Zeiss III microscope with a large objective lens and a control panel on the side, sitting on a wooden table. Several cables and a power supply unit are also visible on the table.	MICROSCOPIO ZEISS III RS 466249-9904	1
47	 A rectangular, white and silver device with a transparent top cover, likely a glass slide warmer or a similar laboratory instrument. It has a control panel on the front with a red display and buttons.	GLF TYPE 1003	1
48	 A Nikon Eclipse TS100 microscope with a white base and black eyepieces, sitting on a wooden table. A power cord is plugged into the back.	MICROSCOPIO NIKON ECLIPSE TS100	1

49		<p>MICROSCOPIO NIKON ECLIPSE E600</p>	1
50		<p>MICROSCOPIO NIKON ECLIPSE E400</p>	1
51		<p>COSTAR MINI CENTRIFUGE 10 MVSS- 08713</p>	1

52	 A white laboratory instrument with a stainless steel top and a control panel on the front. The control panel features a digital display showing '0000', several buttons, and the 'GFL' logo.	GLS TYPE 1002	1
53	 A Zeiss inverted microscope with a white base and black upper components. It includes a stage, objective lenses, and an eyepiece. A power supply unit is connected to the side.	INVERTISCOPIO ZEISS 053208 0000-12	1
54	 A white centrifuge with a control panel on the front. The panel has a digital display, several buttons, and the 'ALC PK 130' logo.	CWS ALC CENTRIFUGE PK130	1

55	 A white Zeiss AxioPlan EL microscope with a black objective lens and eyepieces. It has a black stage and a black base. A black power cord is attached to the top.	MISCROSCOPIO ZEISS AXIOPLAN EL- EINSATZ 451887 MOD. 4912-5010/0000	1
56	 A white Nikon Eclipse 50i microscope with a black objective lens and eyepieces. It has a black stage and a black base. A black power cord is attached to the side.	MICROSCOPIO NIKON ECLIPSE 50i	1
57	 A white Olympus CKX31 inverted microscope with a black objective lens and eyepieces. It has a black stage and a black base. A black power cord is attached to the side.	INVERTISCOPIO OLYMPUS CKX31	1

58	 A white Thermo Scientific SL 16 centrifuge with a control panel on the front and a lid on top.	THERMO SCIENTIFIC SL 16 CENTRIFUGE	1
59	 A digital thermostat with a black and white face, a red button, and a white cable with a probe.	TERMOSTATO DIGITALE	1
60	 A digital thermostat with a black and white face, a red button, and a white cable with a probe.	TERMOSTATO DIGITALE	1
61	 A digital thermostat with a black and white face, a red button, and a white cable with a probe.	TERMOSTATO DIGITALE	1

84	 <p>The image shows a white Applied Biosystem GeneAmp PCR System 9700. It features a top-loading sample block with 96 wells. The front panel includes a small LCD screen, a numeric keypad, and several function buttons. A red sticker with the number '84' is on the top left.</p>	AB APPLIED BIOSYSTEM GENEAMP PCR SYSTEM 9700	1
85	 <p>The image shows a white Applied Biosystem GeneAmp PCR System 2700. It has a front-loading design with a large LCD screen and a numeric keypad. A red sticker with the number '85' is on the left side.</p>	AB APPLIED BIOSYSTEM GENEAMP PCR SYSTEM 2700	1
86	 <p>The image shows a white Eppendorf Centrifuge 5417C. The lid is open, revealing a black rotor. The front panel has a digital display and several control buttons. A red sticker with the number '86' is on the front left.</p>	EPPENDORF CENTRIFUGE 5417C	1

87	 <p>The image shows an Eppendorf Concentrator Plus centrifuge. It is a white, rectangular laboratory instrument with a large circular lid on top. The lid is open, revealing a metal rotor with several small holes. The front panel features a digital display and several control buttons. The Eppendorf logo and the model name 'Concentrator plus' are visible on the front.</p>	EPPENDORF CONCENTRATOR PLUS	1
88	 <p>The image shows a Vilber Lourmat TF-20C ultrasonic bath. It is a white, rectangular device with a flat top surface. A black rectangular mat is placed on the top surface. The front panel has a red power button and a logo that reads 'VILBER LOURMAT'.</p>	VILBER LOURMAT TF-20C	1
89	 <p>The image shows a voltage stabilizer. It is a grey, rectangular device with a power cord on the left side. The front panel has a power switch and a logo. The device is placed on a wooden surface.</p>	STABILIZZATORE	1
90	 <p>The image shows a Velp Scientifica ZX3 magnetic stirrer. It is a blue, rectangular device with a black motor on top. The front panel has a power switch and a speed control knob. The Velp logo and the model name 'ZX3' are visible on the front.</p>	AGITATORE VELP SCIENTIFICA ZX3	1
